3 BUSINESS REVIEW AND OUTLOOK

3.1 Business Review

In 2025, with the continuous geopolitical conflicts around the world and the significant increase in competition and uncertainty of the external environment, the domestic medical industry has entered a critical phase in the reform of medical insurance payment as further promoted, the industry competition landscape has continuously restructured, and the social medical service has accelerated to transform into standardization and specialization. Facing this situation, the multiple internal and external pressures are increasing, the group adhered to the development strategy of "psychiatric healthcare as the foundation and general healthcare as the strategic growth outlet", targeting quality and efficiency improvement, operational excellence, and stable comprehensive management business development, risk prevention and control and ongoing reform, and the overall business maintained stable during the reporting period.

During the reporting period, the group recorded total revenue of RMB1,619.8 million, representing a decrease of 2.1% as compared with 2024. Among them, the revenue from operating hospitals amounted to RMB1,448.7 million, representing a decrease of 4.6% as compared with 2024. During the reporting period, the group's net profit attributable to Shareholders of the Company amounted to RMB54.4 million, representing a decrease of 17.1% as compared with 2024. As of December 31, 2025, the group has 34 operating hospitals (December 31, 2024: 32), including an independent established mental hospital (including the Intensive Psychiatry), and the number of operating beds remained at 11,508 (December 31, 2024: 11,508).

Psychiatric Healthcare Business

Revenue declined under pressure but overall operation stable and controllable

In 2025, under the combination of multiple factors such as the normalization of medical insurance cost control and the rising labor cost of medical staff, revenue from the group's psychiatric healthcare business has declined as compared with the same period last year, and the profitability of the business is under obvious pressure. However, with the increasing regard and for psychiatric healthcare, being a long-term special operation capabilities and good regional brand advantages, the group actively deepens external cooperation through standardization of operation, differentiated positioning, refined management and cost reduction to enhance efficiency. The overall operation momentum of the psychiatric healthcare business maintained stable, and its core fundamentals maintained solid.

3.2 Business Highlights

In 2025, guided by an innovation-driven approach, the Group deepened the coordinated development among various industries, and achieved a number of accomplishments in the fields of digital transformation, discipline construction and scientific research innovation, and industry synergy, which further enhanced its core competitiveness, and overall presented a sound development trend of “stable” strong foundation, fostering growth drivers, strengthening barriers and optimizing structure.

In the field of digital transformation, the Group promoted high-quality development through digital empowerment, comprehensively upgraded the generation of hospital Information System electronic medical records and the healthcare and support system, and promoted the “drug traceability code”, and launched the pilot application of AI medical records rating and quality control system and medical insurance intelligent supervision system, significantly enhancing the information infrastructure’s capabilities in supporting efficient operations and comprehensive management.

In the field of discipline construction and scientific research innovation, the Group was approved for 3 projects under Zhongyuan Province’s “Top Soldiers (尖兵)”, “Leading Geese (领雁)” and “Double Breakthrough Program”; the “Chen’s attention deficit hyperactivity disorder rate” was selected as the first batch of “substantial but strong” clinical cultivation and innovation teams in Zhongyuan Province, the 22 national diagnosis and treatment technology/projections were added, 45 SCI papers were published, and 1 international patent was granted throughout the year.

In the field of industrial synergy, Zhongyuan Pharmaceutical Technology Co., Ltd., a subsidiary of the Group, was awarded as a Zhongyuan Province Special and Sophisticated Enterprises and a “A”-level Enterprises. Meanwhile, synergy effectiveness was achieved among Zhongyuan Dening Pharmaceutical Co., Ltd. and Zhongyuan Pharmaceutical Technology Co., Ltd., both being our subsidiaries, and other industrial sectors, gradually building a diversified support system with the pharmaceutical industry, information, psychology services, and forming a network out of industrial mutual promotion of the healthcare sector and the industry.

3.3 Business Outlook

The Group's financial position and operating results are mainly subject to the following risks:

- (i) Risk relating to higher insurance amount from public medical insurance. From 2023 to 2025, the insurance amount from public medical insurance accounted for more than 50% of the cash received from sales of goods and rendering of service for the respective years. If the Group's healthcare facilities are unable to maintain the of designated medical insurance institutions in the future, or there are adverse changes on the national public medical insurance policy and scope of treatment of mental diseases and geriatric diseases, the Group's operating results will be affected adversely;
- (ii) Risk relating to shortage of professionals and technicians. Under the laws and regulations of the PRC, healthcare facilities shall maintain a certain number of medical staff. With the increase in the number of healthcare facilities of the Group, we are unable to recruit or maintain adequate medical staff, especially difficulties to provide patients with the desired medical services, which in turn adversely affect our operating results; and
- (iii) Risk relating to failure to obtain qualifications and licenses used for our operations. Healthcare facilities are required to obtain the medical practice licenses for carrying out their businesses, which usually has a valid period and requires regular inspections by the regulator authorities. If the healthcare facilities of the Group are unable to obtain the licenses in the future due to poor management or non-compliance with operation, our operating results will be affected adversely.

Prospect

In 2026, although the uncertain factors in the recovery of the global economy, and normalised price control over domestic medical insurance and pharmaceutical competition continue to bring short-term continuous decline of public healthcare services and the constant deepening of population ageing in China, as a foundation for the long-term growth and the psychotropic healthcare and drug healthcare businesses. Meanwhile, the development of social healthcare is obvious in adhering to high standards, specialization, and brand concentration. Being the first year of the 15th Five-Year Plan, 2026 is an important year for the Group's transformation and development strategy, and the Group adheres to the general principle of "seeking progress while maintaining stability, and making breakthroughs in innovation", and accelerating the transformation of its development model from scale expansion to connotation improvement and efficient operation. The Group continues to uphold the core values of "being sincere and serving the human", staying true to the essence of healthcare services, and pursuing the development of "Specialization and Innovation, Quality Improvement and Efficiency Enhancement". Being a leading enterprise in genetic evaluation operations, the Group sees the development opportunities arising from the thousands of psychotropic healthcare and drug healthcare, and fulfills its responsibilities as a medical practice for the better and healthier healthcare services to the long-term stable value for shareholders.

As of the date of this announcement, a total of 10 participants held, corresponding to a total of 92,000 award shares. As of the date of this announcement, the selected participants of the actual grant under the Share Award and Trust Scheme comprised 98 persons, and a total of 1,240,100 award shares had been granted, and 12,750 shares had been forfeited. The award shares granted accounted for approximately 1.7615% of the total issued share capital of the Company excluding the Shares purchased but not yet cancelled by the Company as of the date of this announcement. For details of the grant plan, please refer to the circular of the Company dated September 8, 2023 and the announcements of the Company dated September 27, 2023, April 12, 2024, April 23, 2024 and June 18, 2024.

5 SIGNIFICANT EVENTS

5.1 Proposed Final Dividend

The Board has recommended the payment of a proposed Final Dividend. Based on the total share capital excluding the Shares repurchased but not yet cancelled by the Company for the record date determined by the independent auditor of the proposed distribution of profit for the year 2025 (as of the date of this announcement, the Company's total share capital is 72,358,900 Shares. After deducting 1,959,800 Shares repurchased but not yet cancelled by the Company, the total issued share capital amounted to 70,399,100 shares), a Shareholders' meeting passed a cash dividend of RMB3.2 (inclusive of tax) per 10 Shares of the Company, the total proposed cash dividend amounting to RMB22,527,712 (inclusive of tax), representing 41.4% of the net profit attributable to shareholders of the parent company as set out in the consolidated statement of accounts for the reporting period (the total amount of net dividend and proposed Final Dividend for 2025 is RMB35,271,550, representing 64.8% of the net profit attributable to shareholders of the parent company as set out in the consolidated statement of accounts for the reporting period). The proposed Final Dividend is denominated and declared in RMB, payable in RMB to holders of Domestic Shares and in USD to holders of Shares. The exchange rate for the proposed Final Dividend payable in USD is the average of the benchmark exchange rates of USD against RMB as announced by the People's Bank of China for the five business days prior to the date of declaration of the proposed Final Dividend (i.e. the date of the annual general meeting of the Company). The proposed distribution of profit for the year 2025 is subject to the consolidated report and approval of the Company at the AGM of the Company.

Subject to the approval of the proposed Final Dividend by the Shareholders at the forthcoming AGM, it is expected that the payment date of the proposed Final Dividend will be no later than July 8, 2026. The Company announces in due course the date of the AGM and the terms of the closure of the register of members of the Shares for the purpose of determining the list of Shareholders entitled to attend and vote at the AGM and to qualify for the proposed Final Dividend.

Pursuant to the Enterprise Income Tax Law of the People's Republic of China and its implementing regulations, which came into effect on January 1, 2008, the Company is required to withhold and pay on behalf of the Shareholders of non-resident enterprises whose names appear on the register of members of the Company's H-Shares the enterprise income tax at a rate of 10% on the distribution of cash dividends. Any Shares registered in the name of non-individual Shareholders (including in the name of long-term securities clearing company (collectively), and other nominee, agents or trustees or other organizations or bodies) are regarded as Shares held by non-resident enterprise Shareholders. Accordingly, dividends payable to such Shareholders are subject to withholding corporate income tax. If Shareholders wish to change their status as Shareholders, please contact the nominee or trustee for the relevant procedures. The Company will withhold corporate income tax on behalf of the relevant Shareholders whose names appear on the register of members of the Shares on the Record Date in strict accordance with the law or as required by the relevant government authorities.

If the individual holders of Shares are residents of one or more countries which have entered into the relevant tax agreement with the U.S. in respect of the distribution of cash dividends to them at a rate of 10%, the Company shall hold the personal income tax at a rate of 10% on behalf of the relevant Shareholders. If an individual holder of Shares is a resident of a country which has entered into a tax agreement with the U.S. at a rate other than 10% on dividends, the Company shall hold the personal income tax at a rate of 10% on behalf of the relevant Shareholder. In such cases, if the relevant individual holder of Shares wishes to apply for a refund of the excess tax withheld as a result of the application of the 10% tax rate, the Company may process the application on behalf of the relevant individual holder in accordance with the relevant pre-emptive tax agreement, provided that the relevant Shareholder submits to Computershare Hong Kong Investor Services Ltd the supporting information as required by the note of the tax agreement. Upon approval by the competent tax authorities, the Company shall assist in refunding the excess tax withheld. If an individual holder of Shares is a resident of a country which has entered into a tax agreement with the U.S. at a dividend tax rate higher than 10% but other than 20%, the Company shall hold and pay on behalf of the individual holder the income tax at the effective tax rate under the relevant tax agreement. If the individual holder of Shares is a resident of a country that has entered into a tax agreement with the U.S. at a dividend tax rate of 20%, or a resident of a country in which the U.S. has not entered into a tax agreement, or others, the Company shall hold and pay the personal income tax at the rate of 20%.
